| DTP/DTaP/DT/Td | 5 doses at any age, but... 4 doses meet requirement for ages 4-6 IF one was given ON or AFTER the 4 th birthday. |
| MMR | Sprouts Program: 1 dose ON or AFTER 1 st birthday*** Kindergarten: 2 doses ON or AFTER 1 st birthday |
| Hepatitis B | 3 doses at any age |
| Varicella | 1 dose at any age |

Exemptions

Starting in 2014, a new California law has modified the process for obtaining exemptions to student immunizations based on personal beliefs. [Assembly Bill \(AB\) 2109](#) requires documentation that health care practitioners have informed parents about vaccines and disease. [Form CDPH 8262 \(10/13\)](#) will have to be submitted prior to the student starting school.

Also, to protect the health of children, California law requires a Health Examination and Tuberculin Test on school entry. If you have any questions, please contact the Health Room.
