

Dear Parents/Guardians,

We are thrilled to introduce you to our Accelerated Reader (AR) program, an innovative approach to encourage and enhance your child's reading journey. At St. Bonaventure School, we believe that fostering a love for reading is paramount to academic success and personal growth.

Accelerated Reader is a comprehensive reading program designed to motivate students to read independently while providing valuable insights into their comprehension and progress. Through AR, your child will have access to a vast library of books spanning various genres and reading levels, allowing them to explore topics of interest and broaden their literary horizons.

Here's how the Accelerated Reader program works:

- ❖ **Book Selection:** Your child will have the freedom to choose books from our extensive AR library that align with their interests and reading level. Whether they prefer fiction, non-fiction, mysteries, or biographies, there's something for every reader.
- ❖ **Reading Practice:** After completing a book, your child will take a short quiz on the Accelerated Reader platform to assess their comprehension and understanding of the text. These quizzes are designed to be engaging and informative, providing instant feedback to both students and teachers.
- ❖ **Monitoring Progress:** As parents, you will have the opportunity to track your child's reading progress by logging in [here](#) with your child's username and password to access their reports. These reports highlight your child's quiz scores, reading level growth, and the number of books they've read, allowing you to celebrate their achievements and support their reading goals.
- ❖ **Celebrating Success:** We believe in recognizing and celebrating every milestone in your child's reading journey. Whether it's mastering a challenging book or reaching a personal reading goal, we celebrate these achievements to inspire a sense of pride and accomplishment in our students.

We encourage you to actively participate in your child's reading experience by discussing their books, setting reading goals together, and providing a supportive environment that fosters a love for learning.

If you have any questions about the Accelerated Reader program or how you can support your child's reading at home, please don't hesitate to reach out. Together, we can empower your child to become a lifelong reader and learner.

Thank you for your continued support and partnership in your child's education.

Sincerely,

Mrs. Jojola

SBS Librarian
